

# HIV Prevention England LDP monitoring

## 2014-2015: Q2 Report

Final Report: 4<sup>th</sup> Nov 2014

## Executive Summary

In quarter 2 of 2014-15, the HIV Prevention England Local Delivery Partners (LDPs) reported **1,487** different interventions (excluding testing sessions) to support *It Starts With Me* (ISWM) blasts 1-4. These 1487 interventions reached **17,028** people and delivered an HIV test to 1,219 people.

The most common intervention (56%) was [1-2-1 information and advice](#) (836 sessions reaching 13,156 people). The vast majority of [1-2-1 information and advice](#) sessions occurred face-to-face but 7% occurred online. All the online [1-2-1 information and advice](#) occurred in the MSM work-stream.

[Group information and advice \(outreach or centre based\)](#) was reported by 17 LDPs, but was far more common among those serving African rather than gay communities. 228 group information and advice sessions reached 2,415 people. Most of the remaining interventions were either 1-2-1 therapeutic, group therapy or motivational interviewing or provided opportunities to test for HIV in the community.

Testing opportunities were offered in [community clinics](#) (in organisations, saunas and churches for example) or at other community venues. Overall, 7% of people encountering an HPE intervention were tested (1,219 people tested out of 17,028). Of those tested by HPE partners, 82% were African or MSM (or both), though substantially more were MSM (739 men) than African (264 people). Of the 1,219 people tested as part of HPE in quarter 2, 8 received a reactive result giving a positivity rate of 0.7%.

### Format of this report

The tables on pages 2 and 3 summarise all the interventions reported by African and MSM LDPs in quarter 2 of 2014-15. Where a column is split in half, the left hand side show the number of sessions of that intervention, and the right hand side shows the number of people reached.

Pages 4 -7 summarise all 1-2-1 information and advice provision across the partnership in quarter 2 of 2014-15.

Pages 8 -11 summarise all group information and advice across the partnership in quarter 2 of 2014-15.

Pages 12-13 summarise all HIV testing sessions offered in quarter 2 of 2014-15. Most occurred in the office of the providing organisations, with others at community settings like saunas and bars.

Pages 14-15 summarise all the motivational interviewing offered by ten LDPs in quarter 2 of 2014-15.

Pages 16-17 summarise all the 1-2-1 therapeutic interventions offered by LDPs in quarter 2 of 2014-15.

Pages 18-19 summarise the group therapeutic interventions offered by LDPs in quarter 2 of 2014-15.
